I read your suggestion about upgrading the advanced class to extra...I would love that since I am an advanced class...I am an avid dxer and need 3 more countries to have them all...If that ever happens I plan on just rag chewing and with no intensions of upgrading. Going to the extra portion of the band would be great. I got my novice license in 1982 so I think this would effect me in the upgrading...I think that most all active hams for 20 years or more have good operating techniques and have earned this suggestion you have made...Thanks...Terry.
